

Vision Therapy

Strong vision is essential to perform daily tasks

Our team of highly-skilled therapists are here to assist with eye movements, coordination and control to help develop better visual skills. This allows people to read, write, learn, and engage in meaningful daily tasks with greater efficiency and quality. Whether suffering from trauma, degenerative issues, or another cause, learn the benefits.

If you, or someone you know, could benefit from vision therapy services, please visit myalive.com for more information or call us at 517.541.5800, opt. 2.

Services offered include:

- » Bioness integrated therapy systems (BITS) treatments using state of the art technology
- » Coordination with local optometrists
- » Specialized home exercise programs to progress visual skills
